³ Effective September 2024, the benchmark for the fund has been updated to the Bloomberg Global Aggregate USD Sukuk Index. For periods preceding the inception of this index since January 1, 2019, a market proxy has been utilized to calculate the returns.

⁴ Credit Rating: The Bloomberg credit quality rating employs the middle rating from Moody's, S&P, and Fitch. If all three agencies provide a credit rating, the rating is the median of the three. If only two agencies rate a security, the more conservative rating is used. If only one agency rates a security, that single rating is used. If none of the agencies provide ratings, the security is considered not rated and may be assigned a shadow rating by Mashreq Capital.

⁵ Government Related Entities includes issuers that are 50% or more owned by governments, this includes direct ownership as well as indirect ownership through other government owned entities. Entities with less than 50% government ownership are classified into their respective corporate sector.
