The Mashreq MENA Fixed Income Fund follows the same strategy as the Makaseb Income Fund, and both funds share the same fund manager, Mashreq Capital.

⁵Credit Rating: The Bloomberg credit quality rating employs the middle rating from Moody's, S&P, and Fitch. If all three agencies provide a credit rating, the rating is the median of the three. If only two agencies rate a security, the more conservative rating is used. If only one agency rates a security, that single rating is used. If none of the agencies provide ratings, the security is considered not rated and may be assigned a shadow rating by Mashreq Capital.

⁶Government Related Entities includes issuers that are 50% or more owned by governments, this includes direct ownership as well as indirect ownership through other government owned entities. Entities with less than 50% government ownership are classified into their respective corporate sector.
